

A note to our valued customers regarding the return of our on the road service work.

We will be starting back with our on the road service calls
(Nova Scotia only at this time until further notice)
Starting Thursday June 11 2020.

Please note that when you call and ask for a service call, we need to know exactly how many machines we will be looking at while there. If you call and tell us one machine is down and we get there and you tell us 5, it will only be the one machine that will be looked at.

The reason we ask this is we have other customers waiting for a service call and may be restricted to certain hours. We are trying to be fair to all our customers during this time of the re-opening of our businesses.

- * Please follow the 2-meter (6 ft) rule while we are there working.
- * We ask that you please have disinfecting wipe beside all equipment being serviced.

We thank you for your patience and understanding. We can be reached by calling the shop 902 543 8593,
Email - info@bridgewatersewingcentre.com
or by cell 902 523 1531
